

PHILADELPHIA, June 26.—In the United States Court to-day a petition was presented applying for injunction to restrain the Wheeling bridge company from constructing said bridge over the Ohio river, at the same elevation as the old one—alleging that it is the intention of the company to use the suspended cables left by the storm to construct a new bridge at the same height. It is also alleged that the navigation of the river would be greatly obstructed.

The bill was accompanied by affidavits setting forth the facts, and from its tenor, seems to be a bill to execute the former decree of the Supreme Court, with an order to stay the construction of the bridge in the meantime. The injunction was granted, with an order for the work to be stayed. The validity of the act of Congress making the bridge a post-route will now come up.

WASHINGTON, June 27.—Col. Benton's speech on the Gadsden Treaty is the theme of conversation. It produced a great sensation in the House, and he does not stand "solitary and alone" in opposition to the appropriation for the treaty, but the appropriation will pass notwithstanding. The Territorial appointments will stick a little. The rumor that the nominee for Governor of Kansas is Free-soilish gains credence among Southern Senators. Mr. Douglas urged the appointment of a particular friend, and was denied. Some trouble in that quarter may also be expected.

President Pierce left Old Point Comfort this morning on his return to this city.

Mad. Sontag died of cholera in Mexico, 16th.

THE PEOPLE'S MEDICAL LIGHTHOUSE: BY H. K. ROOT, A. M., M. D.—This is truly a remarkable and an original publication, and we have examined it sufficiently to believe that it is calculated to be useful to all who will study its pages. Perhaps we can not do better than to copy the following notice of the work from the Mail, as the writer of the note is known and esteemed by most of our people:—

A WELL MERITED COMPLIMENT.—The following letter is from the pen of one of our most worthy divines, who, we regret to say, has recently been necessitated to resign his office as chaplain of the house of correction, because of ill-health:—

Dr. H. K. Root—Sir: I have given "The People's Medical Lighthouse" a candid, careful and thorough examination, and I am happy to say, that it has enlightened, improved and edified me much in the perusal. The information given is highly valuable; the advice most timely and important, in respect to both the physical and moral well-being of individuals and communities; and the solemn warnings against the hidden, the common, the fashionable, and the alarmingly prevalent vices of the day, are certainly very seasonable, necessary, and most loudly called for. The candid, fearless, Christian, and able manner in which you have discussed the subject of Health and Morals, the closely-wedded connection with their important bearings and extensive results, entitles you to great credit as an intelligent physician, and as a devoted Christian philanthropist.

The truly valuable instructions, counsels, and admonitions here given to the public, if received and improved as they should be, will conduce greatly to the suppression of the corrupting and alarmingly destructive vices of the sexes; will operate as powerful preventives of the many moral and physical maladies and contagions which are not only threatening, but actually destroying hosts of our fellow beings; and I have no doubt the sound principles here advocated, will contribute greatly to advance the true interests of the health and morals of the community.

Every family would do well to take the earliest opportunity to purchase this valuable work; follow the light it sheds on the important subjects on which it treats; and thereby avoid the evils and secure the blessings consequent on a careful conformity to its valuable instructions.

SHIPLEY W. WILSON, Boston, Mass.

GOOD INVESTMENT.—A gentleman in this city one year ago bought three *Shanghai* hens and a rooster for \$25.00. For the eggs, and chickens raised, he has realized \$140 in cash, besides drawing a premium at an agricultural Fair of \$4. One pair of the chickens was sold for \$15.—[O. S. Journal.]

ATTACHMENT.—Notice is hereby given that at my instance an order of attachment was this day issued by E. Huntington, a Justice of the Peace of Perrysburg township, Wood county, Ohio, against the goods, chattels, stocks or interest in stocks, rights, credits, moneys and effects of Warren S. Sampson, an absent debtor, for the sum of \$7.64. A. M. THOMPSON.
